KUFPEC CEO welcomes Pakistan Minister of Petroleum and Natural Resources
KUFPEC Publishes the “Coral Reefs of Kuwait” Book

As part of its firm commitment towards environmental awareness KUFPEC Publishes the “Coral Reefs of Kuwait” Book

Kuwait Foreign Petroleum Exploration Company (KUFPEC) announced today the publication of “Coral Reefs of Kuwait”, a book that explores the amazing diversity of marine ecosystems in the Arabian Gulf, shedding light on the multiple risks endangering the sustainability of the coral reefs of the State of Kuwait.

The publication of the “Coral Reefs of Kuwait” book follows on the success of its predecessor “Birds of Kuwait” book, released by KUFPEC two years ago. The 270-page “Coral Reefs of Kuwait” is also the culmination of 8 years of research and underwater photography in cooperation with the non-governmental organization “Biodiversity East” assisted by many professional photographers, experts and scientific research institutions inside and outside Kuwait.

“Our coral reefs are as important as any other natural resource and they must be protected and preserved for future generations”, says KUFPEC Chief Executive Officer, Sheikh/ Nawaf S. Al-Sabah. “KUFPEC”, he added, is committed to protecting and preserving our natural and environmental resources and ensuring the sustainability of our unique ecological diversity.”

KUFPEC, a wholly owned subsidiary of Kuwait Petroleum Corporation (“KPC”), is an international petroleum company engaged in exploration, development, and production of crude oil and natural gas outside the State of Kuwait. It is currently active in 15 countries with 64 projects in the international upstream sector. KUFPEC continues to work aggressively towards meeting its targets and achieving its strategic plans, aiming to increase its production to 200,000 BOEPD with reserves of 650 MMBOE by the year 2020, while delivering value to the Kuwaiti oil sector.

Mountaineer Fuad Qabazard

In a motivating presentation: Mountaineer Fuad Qabazard shares his experiences with KUFPEC Employees.
KUFPEC hosted an inspiring session with Kuwaiti mountaineer Fuad Qabazard on Sunday, 31 January 2016, at Jaber Al Ahmad Al Sabah Auditorium, KUFPEC Head Office. Mr. Qabazard succeeded in climbing up 5,364 meters to the Mount Everest Base Camp, located in the Mahalangur mountain range in Nepal and Tibet and raised Kuwaiti Flag.

In his inspirational and visually rich presentation titled “A MAN's worth is no greater than his AMBITIONS “, Mr. Qabazard shared his adventures, the challenges and hardships the team had to overcome and lessons learned while he courageously undertook such an adventure that has been culminated with the raising of Kuwaiti flag on top of the Mount Everest. His story highlighted the power of positive thinking and importance of motivating the team to focus on the task ahead. Summing up his experience Mr. Qabazard concluded by saying courage, determination and perseverance are tools that enable a person to achieve the impossible.

The event, organized by KUFPEC Commercial Department, was concluded with a Question and Answer session where many KUFPEC employees interacted with Mr. Qabazard.
“KUFPEC: Energizing our Future” a corporate video documentary

During the “Think K” event hosted by KUFPEC and on the occasion of KUFPEC’s 35th anniversary, Sheikh Nawaf S. Al-Sabah – KUFPEC CEO airs for the very first time at the event a new 10-minute corporate video documentary entitled “KUFPEC: Energizing our Future”.

The corporate documentary features KUFPEC core business activities, milestones, strategy and corporate social responsibilities. The documentary focuses on sharing technologies between our International upstream operators/partners and KPC’s subsidiaries such as Kuwait Oil Company and Kuwait Gulf Oil Company from exploring current and prospective upstream opportunities including LNG to the exploration and production of shale oil. The corporate documentary also focuses on KUFPEC’s commitment and reemitting drive towards humanitarian and environmental concerns manifested during times of local and International disasters to community outreach and HSE campaigns.

You may view the KUFPEC corporate video documentary “KUFPEC: Energizing Our Future” with the following link enclosed below and via our website:

Pakistan minister at KUFPEC

KUFPEC CEO receives Pakistan Minister of Petroleum and Natural Resources

KUFPEC’s CEO, Sheikh Nawaf S. Al-Sabah accompanied by VP-Operations Mrs. Hosnia Hashim and senior management members met with H.E. Shahid Khaqan Abbasi – Minister of Petroleum and Natural Resources (MPNR), the Islamic Republic
of Pakistan along with the Heads of local Pakistani E&P companies (Mr. Saeedullah Shah – Director General Petroleum Concessions, MPNR, Mr. Sheikh Imran ul Haque – MD Pakistan State Oil and Mr. Syed Wamiq Bokhari – MD PPL) on 7 March 2016 and discussed bilateral relations, existing challenges and future plans for exploring and developing hydrocarbon resources in Pakistan, in addition to future business opportunities related to exploration and development including Tight Gas, Shale Gas, Offshore drilling, etc.

KUFPEC has producing interests in Qadirpur, Zamzama, Kadanwari, Bhit, Badhra, Sukhpur and Zarghun Blocks, and is the third largest gas producer amongst foreign exploration and production companies operating in Pakistan.
KUFPEC’s VP-Operations participates at IHS CERAWeek 2016- Houston, USA

KUFPEC’s Vice President-Operations, Mrs. Hosnia Hashim, was prominently featured at the 35th IHS CERAWeek conference, held February 22-26 at the Hilton Hotel – Houston, USA, where she actively took part in two panel discussions.
In her presentation in a plenary discussion, entitled “NOC Strategies for a New World” on Tuesday 23 February 2016, Mrs. Hosnia gave a presentation that touched on the following items:

- Global low oil prices and its drivers
- General view on Kuwait Petroleum Corporation (KPC) and its 2030 strategy
- KPC International Upstream-KUFPEC Strategy
- Highlights of KUFPEC major projects and company aspirations
- Today’s world-An unpredictable world

During this strategic dialogue which focused on the challenges facing national oil companies (NOCs) and their variant responses to volatility and uncertainty in a time of low oil prices, Mrs. Hosnia was joined by a distinguished group of speakers that included Besim Sisman, President & CEO, Turkish Petroleum, Narendra K. Verma, Chief Executive Officer, ONGC Videsh and Juan Carlos Echeverry, Chief Executive Officer, Ecopetrol. The session was also followed by interactive discussion among the presenters and between session participants and panelists.

Also, in another separate panel on Wednesday 24 February 2016 devoted to exploring the role of women as leaders in the energy industry, Mrs. Hosnia, who was joined by Elizabeth Littlefield, President & CEO, Overseas Private Investment Corporation (OPIC), Zenaida Monsada, Secretary of Energy, Republic of Philippines and Cynthia Warner, EVP, Strategy & Business Development, Tesoro made a presentation in which she gave an overview of the Gender Diversity in the Oil and Gas sector, shedding light on the challenges to attract and retain professional women for the different roles within the sector’s workforce. She exemplified her points with the Kuwaiti oil sector case study highlighting the endeavors exerted by KPC and its subsidiaries to endorse and promote the advancement of women in the national oil sector in Kuwait.

IHS CERAWeek is recognized as a leading forum offering insight into the energy future. The IHS CERAWeek 2016 marked the event’s 35th anniversary and convened more than 2,800 delegates from more than 50 countries and more than 300 speakers to provide fresh insights and critically important dialogue on the most urgent issues and realities to be faced in energy markets, technologies and geopolitics.

This year’s theme of ‘Energy Transition: Strategies for a New World’ focused on the responses to low prices; what’s ahead for markets, investment, costs and technology; the environmental agenda, including responses to climate conference in Paris 2015; emerging competitive strategies and industry structure; and regulatory policy and geopolitics. Participants encompassed all regions and industry segments – oil, natural gas, power, nuclear and renewables.

KUFPEC Area Offices employees celebrated the Kuwaiti National and Liberation Day
